FUNDRAISER

PROCEEDS WILL GO TO SUPPORT THE Clark County Youth Hockey

This year Redline Speedsports has once again chosen to help support local youth. Portions of the proceeds of the fundraiser will be presented to the Clark County Youth Hockey (CCYH) program.

CCYH works to make a difference for the kids of Clark County and surrounding communities. CCYH brings the sports of hockey and figure skating along with a Learn to Skate program to the youth. For years, this program has utilized an outdoor rink and has relied on Mother Nature to make for a successful season. With temperatures flexing from extremely cold to above freezing, they have been challenged to be able to actually use their ice rink and have had to cancel many of their events. They would like to have more control over their ice conditions so they are building a simple arena.

Your support of this fundraiser is greatly appreciated!
